CassRuralWater.com

Dear members of Cass Rural Water District,

In order to protect the health and well-being of our members, staff and board, we have made the difficult decision to cancel the 2020 Annual Meeting scheduled on Monday, April 6, 2020.

This is not something we take lightly, but safety is at the core of everything we do at the District. Having an annual meeting at this time is not prudent and may place people at risk.

In the coming days, we will be working to provide information to our members that they normally would receive during the annual meeting. There were three seats on the Board of Directors open for election. The Board decided to reappoint Jeff Dahl, Highland Park to the Phase 1 seat and Toby McPherson, Page to the Phase 3 seat. The vacant seat representing Phase 3 will remain vacant until we can have an annual meeting.

As General Manager, I want to assure you of our commitment to safety and reliability. With that in mind, our staff have taken extra precautions during this time to ensure there are no disruptions or impacts to our water system. Staff have been encouraged to practice social distancing as much as possible and utilize mindful hygiene practices. As General Manager, I will continue to follow directives from our Governor, nation and healthcare professionals as we work to slow the spread of COVID-19 in our community.

Please let me know if you have any concerns about the District or your water. I am confident in our ability to provide the highest quality water for all of our members.

In the Spirit of Service,

Jerry Blomeke

General Manager
